Principal's Message

Yearbooks are packages of memories. For the rest of your life this yearbook will be a reminder of Hardisty School 1988-89. When you look through the pages, you will remember many things.

The kind of memory which each page brings depends so much on what you are doing today. If you are a member of a school team, student union or yearbook, your memories will reflect those experiences. If you are a good student or a popular person, what wonderful memories you will find. If you are popular with staff or had a great teacher, those memories will add to the richness of your life.

Most of all when you look back at this yearbook and see pictures of your friends you will remember, those moments of pure love, those fine times with special people.

This is your yearbook. It will be what you make it to be. I wish you memories of accomplishment, success, security and caring. To graduating students, good luck in your next school. To all of you who are returning have a great summer and come back ready to create many more wonderful memories.

[redacted]

T. Mowat

Assistant Principal's Message

It is a pleasure to share in the celebration of another delightful school year. The Yearbook staff and Mr. Michelsen are to be commended for their outstanding efforts in producing this kaleidoscope of academic and co-curricular activities. I hope that you will continue to enjoy these memories of Hardisty Junior High School and wish all students continued success, health and happiness in the future.

[redacted]

Nola P. Welliver.

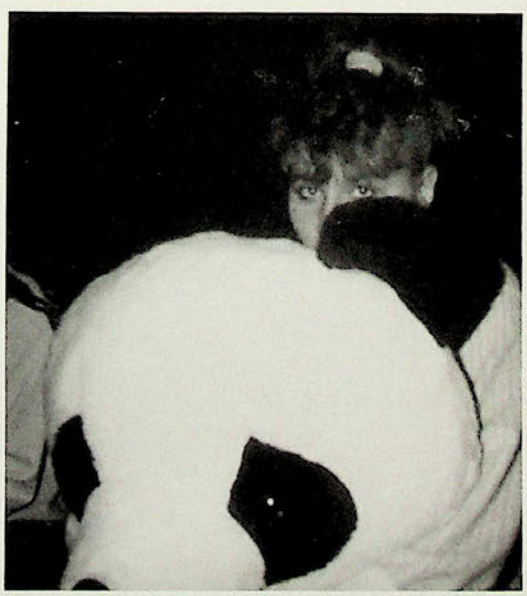
HARVIST
ATHETICS



You're learning to make the most of you.

As the school year ends and you reflect upon the past year, you realize that some of the most valuable lessons don't come from textbooks. They come from life. From the good times and not-so-good times. When you learn about people. About yourself. Or just about handling things. And that's important. Because you never stop solving problems. You just get better at it.

Make the most of a good thing.
Make the most of you.
